EXPERIENCE

Business & Marketing Operations Intern

Mar 2025 – Jul 2025

W.Media | Ho Chi Minh City, Vietnam

- Analyzed LinkedIn and website engagement data to diagnose content performance gaps; led a strategy pivot that drove a **61% month-over-month increase in LinkedIn engagement** concentrated around SIJORI Week, the company's flagship regional data center conference.
- Built Google Looker Studio dashboards aggregating LinkedIn traffic and campaign KPIs for executive stakeholders, replacing manual spreadsheet-based reporting.
- Planned and executed a multi-channel campaign for SIJORI Week that delivered **2,000+ event participants** while hitting all pre-defined campaign KPIs.
- Cleaned and restructured 10,000+ row behavioral datasets using Python, enabling reliable downstream analytics workflows.

Digital Marketing Intern

Jun 2024 – Aug 2024

+More Perfect Union | Remote

- Analyzed content engagement across platforms using Sprout Social and Google Sheets to surface high-performing content patterns; informed campaign strategy that raised LinkedIn engagement rate by **38%**.
- Diagnosed and rebuilt a broken end-of-month KPI reporting tracker in Google Sheets by correcting faulty formula logic causing charts to display wrong data, redesigned as a structured Sprout Social input table — cutting monthly reporting time by **~50%**.
- Grew net new followers by **900+ across channels in ~3 months** through a Brickyard event campaign in collaboration with high-profile partner organizations.

Marketing & Consumer Research Contractor

Dec 2023 – Jun 2024

Bluemarker AI | Remote

- Led competitive analysis across 12+ rival EdTech platforms; conducted consumer research across 6 provinces (40+ participants); synthesized UX and product gap findings into a structured product direction report reviewed by the founding team.
- Benchmarked social media strategy across 7+ AI and EdTech companies; authored a launch playbook covering LinkedIn/Facebook content pillars, posting cadence, and platform-specific messaging.
- Served as primary author of the product analytics feature specification defining student and tutor-facing performance tracking, error-pattern analysis logic, and dashboard architecture — features subsequently incorporated into the platform.
